What is Hot Shots Tennis?

ANZ Hot Shots is Tennis Australia's official junior program, based on a "learning through play" philosophy, which means that playing the game of tennis is a central feature of each session. Smaller courts, racquets and softer balls make it possible to develop children's skills faster, while the red, orange and green stages offer a clear pathway for the children to progress through.

The Meehan Tennis Academy is registered as an official deliverer and have been conducting high quality Hot Shots lessons since the programs inception in 2008. We maintain the quality of the program by using coaches that are trained through official Tennis Australia courses and we constantly assess the children to ensure that we maximise their learning and development opportunities. Our Hot Shots classes run with a maximum 6:1 Player to Coach ratio to ensure each child gets adequate attention from the coach.

The coaching program is led by Ryan Meehan who is an ATP Certified International Coach (GPTCA) and Tennis Australia Junior Development, Club Professional & High Performance Qualified Coach.
